

REMARKS

In the Office Action, the Examiner rejected claims 1-18 under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement and allowed claims 19-37. The Examiner also allowed claims 19-37. Applicants herein amend claim 1 to overcome the 35 U.S.C. 112, first paragraph rejection. Amended claim 1 is enabled by the embodiment of FIG. 2 in which the processor communicatively couples to the circuit-switched private branch exchange interface and to the packet-switched private branch exchange interface via the peripheral interface.

All claims are now allowable and a notice of allowance is courteously solicited. Please direct any questions or comments to the undersigned attorney at the address indicated.

Respectfully submitted,
